

October 21-24 Education shadowing Week

Alpena Community College Oscoda Campus

The ACC Oscoda Campus is thrilled to announce our fourth annual Education Shadowing Week, inviting regional high school students to attend one (or possibly more) ACC college class sessions to EDUCATION SHADOW. This EDUCATION SHADOWING experience will provide students interested in dual enrollment or early middle college with the chance to witness a genuine college class in action.

Classes Offered

- Political Science
- Intro to Literature
- Intro to Microbiology
- Various Nursing Classes
- Cultural Anthropology
- Essentials Anatomy & Physiology
- Physical Geography
- Intermediate Algebra
- Speech Communications

High school counselors should simply inform the ACC Oscoda office of the students' names who will be shadowing a class, along with the date of their visit. We provide a range of web-based and virtual options for participation, so please get in touch to ensure we can provide you with the correct web address.
