Take An ENTREPRENEURSHIP 2024 Tour
(Fast-Paced | Pure Michigan Help | All IDEAS Welcome)

Since the start-up of quarterly ACC TALKS, March of every year has been dedicated to the cause of building ENTREPRENEURSHIP! Primarily driven in partnership with Central Michigan University, past presentations have included Shark Tank-style pitches, explanations of the role of colleges in this area, and even real-life business-building stories from northern Michigan residents!

This year ACC TALKS has organized a special, let your mind travel and Take An ENTREPRENEURSHIP 2024 Tour session. Our tag-team group of ENTREPRENEURSHIP professionals will “take-the-wheel” and guide everyone through the Michigan-based line-up of individuals, agencies, and colleges that can assist in making unique dreams/ideas move progressively forward.
