## Attend ENTREPRENEURSHIP “YOU”!

The ACC TALKS tradition has been to highlight different facets of entrepreneurship always at it's Spring session. Well the 2025 opportunity is no exception. This years plan is to have everyone **Attend ENTREPRENEURSHIP “YOU”!** at least for one evening and possibly make an effort to develop a special/innovative idea they have been “keeping secret” for too long!

AS SEEN ON:

ACC TALKS is privileged to have Leland (Lee) Richards provide us with thoughts from different entrepreneurship perspectives. As a former director of the BLUE WATER ANGELS business investment group and now on to the unique priorities as the CEO of his last start-up company Personal Positioning Technologies... Lee has many business building stories to tell! Please **Attend ENTREPRENEURSHIP “YOU”!** and share in the discussion.
