GREAT Healthcare Accessibility (A Lifetime Priority)

Having quality healthcare services available no matter where you live in Michigan is a prime time priority. In recent years, small town hospitals and personnel have more frequently merged with large health care systems in an attempt to strategically expand available services and still retain a “closer-to-home” presence.

This quarter ACC TALKS is so pleased to announce that MyMichigan Medical Center Midland President Chuck Sherwin will be our first guest presenter this season. In addition to his own career story, Mr. Sherwin will talk about the greater MyMichigan Medical Care System, it’s locations, priorities and of course growth plans.

Please bring your thoughts... questions and join the discussion! Everyone is welcome to attend.

Date: Wednesday, October 2, 2024

Time: 6 pm – 7 pm (doors open 5:30 pm)

Oscoda Campus | Alpena Community College
5800 Skeel Avenue, Room 213, Oscoda MI 48750
