Artists UNITED Matter!

So often in rural areas Artists from all skill fields travel a "just me" road for recognition and professional progress. Unfortunately, there are few or very small art alliances, partnerships and/or creator cooperatives.

Maybe this special focused ACC TALKS session will help!

For the first time ever ACC TALKS welcomes three (3) artists from different sectors to share their individual professional development stories. Their goal is to foster the creation and development of regional artists COOPERATIVE!

(**We will also be privileged to have the WINNER of our IMAGINE ME Spark Tank Competition on hand to share her artist start-up story**)
Addy's Wildflower Jewelry

Stop by and share in the discussion!
