Agenda

- A. Welcome Announcements
 - a. Marv Pichla: Adding Members
 - b. John Gustincic: New Venture Competition ****WINNERS****

- B. Special Guest Entrepreneur: Chris Williams Lyseon Additive Manufacturing World Class 3D Printing Services (Automotive to Tooling to Aerospace)
Noted for his passion and drive in the industry, Lyseon founder Chris Williams started this company with one goal in mind — to become a world-class additive manufacturing supplier, adept and solving problems and offering hometown service. With his years of experience in sales and manufacturing, Williams' company was recently named the 2021 CMURC SmartZone Small Business of the Year. Lyseon continues to create innovative products for the automotive, aerospace, military, medical, architectural and transportation industries. Lyseon specializes in FDM, PolyJet and SLS processes for low-volume production, prototyping and a wide range of quality control and tooling applications.

- C. Next Session: September 2024 TBA
