

# Omega Electric & Sign Company Inc.

Classification: Nonexempt

Reports to: President

Date: 19 January 2022

Location: In-Person

Pay Scale: \$14.00-20.00

Job Description:

## **General Description**

We are seeking a skilled graphic designer to join our creative team at Omega Electric & Sign Co. Your position would be in our digital sign and manufacturing shop, where we create and provide a variety of products and services. In your cover letter, please include your portfolio showcasing your impeccable design sense and skills.

**\*Submission without design portfolios will not be considered.\***

## **Who You Are:**

- You obsess over good design, and you regularly collect and share examples
- You notice when a design is imperfect by a few pixels and other details others do not
- You take ownership of your projects and take pride in a perfectly executed final product
- You love a good deadline and can manage your own time successfully
- You enjoy finding, exploring, and utilizing new and better ways to succeed
- You are passionate about all aspects of web, UI, motion, print and brand design

## **Responsibilities:**

- Conceptualize and create elegant, clean, minimal design based on an established brand aesthetic and style
- Brainstorm, create, and transform ideas into compelling designs that will appear in printed: flyers, banners, signs, t-shirts, logos and more for each of our customers.
- Work with the creative team to brainstorm and share design perspectives, ideas, and understand project scope and objectives
- Create designs and print final products for the line of production

## **Experience and Skills:**

- 2+ years' experience in graphic design
- An impressive creative portfolio that clearly shows knowledge and execution of good graphic design
- Strong, polished aesthetic, meticulous sense of detail, and ability to create simple solutions to complex design challenges
- Knowledge of layouts, grids, graphic fundamentals, proportion, perspective, composition, typography, color theory, print, and the web
- High level of proficiency with industry standard Adobe CC applications (Photoshop, Illustrator, and InDesign) and Microsoft Office Suite
- Willingness to take creative direction, adapt on the fly, and offer solutions that drive to succeed
- Experienced in video editing and motion graphics (Premiere and After Effects) a huge plus
- Experience in learning and development a plus
- Strong people skills with an ability to give direction and work as part of a team
- Able to meet tight deadlines and handle pressure
- Be very organized, efficient, and pay close attention to details while handling multiple tasks.
- Good communication skills with the ability to take direction and explain design thinking.
