

### **Core Competency #1 Effective Learning Questions**

1. I am able to recall, retain, and utilize information presented to me in the classroom.
2. I am able to structure my time so I can spend the time necessary to attend classes, complete assignments, and study.
3. I understand how I learn best and I am able to incorporate and utilize my learning style in my ACC experience.
4. I am able to describe what I have learned (OR take notes relative to what I am learning OR teach what I have learned).
5. I know how to access library services from the Alpena Community College website.
6. I know how to access full text and current literary journals from the Alpena Community College library website.
7. I know how to retrieve research materials from home using the Alpena Community College library website.
8. I know what services are available to me from the Alpena Community College Student Services Center.
9. I know I can rely on library staff to retrieve additional research materials through interlibrary loan.
10. I am familiar with the library orientation presentation available on the Alpena Community College Library website.
11. On a regular basis, something I have learned at ACC aroused my curiosity and motivated me to learn more.
12. After taking an introductory course in a subject taught at ACC, I took (or intend to take) a second course in the same subject as an elective (not because it was required for my certificate or degree).
13. After completing a certificate or degree from ACC, I started (or intend to start) on a second certificate or degree from ACC.
14. After achieving my goals at ACC (whether graduating or not), I continued (or intend to continue) my education at another college or university.
15. As I envision working in my chosen career field, I foresee the need for further education to stay competent.
16. If you answered "AGREE" on the previous question, answer the question; otherwise, skip to the next question. In relation to the above question, I relish the opportunity for this further education.
17. As I envision working in my chosen career field, I foresee the need for further education to be promoted professionally.
18. If you answered "AGREE" on the previous question, answer the question; otherwise, skip to the next question. In relation to the above question, I relish the opportunity for this further education.
19. As I anticipate opportunities to change career fields, I foresee the need for further education to make myself qualified.
20. If you answered "AGREE" on the previous question, answer the question; otherwise, skip to the next question. In relation to the above question, I relish the opportunity for this further education.
21. I have personal interest, the full development of which motivates me to pursue further education.
22. I have a strong ability to educate myself on topics about which I need or want to know more.
